**Analysis and Conclusion**

Research Project 1511 was initiated at the request of a member carrier to differentiate between shipments of firearms and firearm parts for tracking purposes as the current provisions of item 69300 do not distinguish between the two.

This proposal would cancel item 69300 and establish two new separate items for firearms and firearm parts. Concurrently, Note, item 69302 would be canceled and reestablished as an attendant Note to the new items.
